

LUTHFIE BUDIE ANDIKA

Jl. NUSA INDAH V NO 222 - Jaka Setia - South Bekasi
West Java
+6285277848442
LuthfieBudieAndika@gmail.com

Computer Science graduate with a strong motivation to develop professional skills and experience. Experience with robotics projects, digital image processing, and AI implementation in a thesis. Proficient in English, Microsoft Office (Word, PowerPoint, Excel), and Adobe (Photoshop, Premiere Pro, After Effects, Illustrator).

EXPERIENCE

Oct 2023 - Jan 2024

Internship - Data Analyst & IT Support

Kominfo - Jl. Sidorukun No.35 Pulo Brayan Darat II, Kec. Medan Timur District., Medan City, Indonesia

- Develop and optimize robotic systems using problem solving and machine learning (Perceptron, Multi-Layer Perceptron, Backpropagation) to correct errors and improve system performance.
- Analyze data and support data-based decision making through monitoring and data processing media using Microsoft Excel and related software.

Jun 2024 - Jul 2024

Junior Graphic Designer

Kominfo - Jl. Lap. Golf No.120, Kp. Tengah, Pancur Batu District, Deli Serdang Regency, North Sumatra, Indonesia

- Improve visual design, layout, and branding practices using professional design software by applying design principles and industry standards.
- Develop visual design skills to create promotional materials that align with brand identity.

May 2025 - Feb 2026

Technology - Based Smart System Development

- Developing an AI road detection and navigation system based on integration such as Google Maps services that successfully improves the navigation accuracy of a smart car prototype.
- Developing a smart helmet system using a microcontroller with data processing software to detect user conditions in real-time, with automatic warning responses that improve safety.

SKILLS

Technical Skills: Python • C++ • Arduino • Computer Vision • Microcontroller • SQL

Data & Analytics: Microsoft Office • TikTok Analytics • Facebook Audience Insights • Power BI

Design: Adobe Photoshop • Premiere Pro • After Effects • Illustrator • Figma

Soft Skills: Precision • Creativity • Fast Learner • Analytic thinking • Problem Solving • Delivery of ideas
• Presentation

Languages: Bahasa Indonesia (Native) • English (Upper Intermediate)

EDUCATION

Jul 2021 - Jul 2025

Computer Science - Universitas Islam Negeri Sumatera Utara

Graduated with cum laude honors (GPA 3.53) and has experience in various technical projects, including robotics, system and website development, including team-based collaborative projects and final projects presented in international workshops, and supported by participation in competency development seminars and webinars.
